211 To the READER.

THE ensuing Catalogue is Composed of the Libraries of two eminent Persons, whose Names alone would be sufficient to recommend it to the consideration of the Learned, they having both been known to be Men of great Judgement, and very curious in making their Collection: But because it is the desire of the Friends of the aforesaid Gentlemen (now deceased) that neither of their Names may be exposed in this publick way, I shall for their Gratification deny myself that Advantage that might be reasonably expected from such considerable and great Names; and the rather because the Books themselves (especially those in Divinity, Civil and Canon-Law, History and Philology) are of such value, scarceness and rarity as may be enough to entitle them to the esteem of all that are Curious and Ingenious, whom I invite to a strict view of them, not doubting but that that will be so far prevailing as to engage their Company, and to exert their Generosity without further Commendation.

All that I shall add is, That if any Gentleman, who by dwelling remote or any other Avocation, be hindered from being present at the Sale, shall be pleased to send his Commission to me at the place of Sale, it shall be as faithfully and honestly executed for him, as if he was there in Person, by

Your Humble Servant,

JACOB HOOKE.

The Conditions of Sale.

- I. **H**E that bids most is the Buyer; but if any difference arise which the Company can't decide, the Book shall be re-exposed to Sale.
- II. The Books, for ought we know, are perfect; but if any appear otherwise, before they are taken away, the Buyer is at his liberty of taking or refusing them.
- III. That every Buyer shall give in his Name and Place of Abode, and pay also Five Shillings in the pound for what he shall buy, if demanded, and be obliged to take away his Books within one Week after the Sale is ended; during which time, Attendance will be given for that purpose.

The Books may be viewed three days before the Sale begins, which will be on Monday, November 20. at Three a Clock in the Afternoon, 1693.
